

The end results are tallied and auctioned off to benefit children's charities.

Safety official Don Tyson (left), with our Master of Ceremonies, Dave Boyt.

THE 2017 GREAT PORTABLE SAWMILL SHOOT-OUT

A successful Shoot-Out event requires talent, teamwork, and collaboration. For that, we thank:

- **The Ohio Forestry Association**—especially Gayla Fleming and her team, Brad Perkins, Jim Doll, and Jason Good, for their help in organizing the logs, site, and equipment.
- **Tajfun USA**—for donating the Bober electronic caliper, which helped the team scale the logs and lumber in record time.
- **The Spirited Participants** who demonstrated their equipment in this year's event—Baker Products, EZ Boardwalk, Lucas Mill, Norwood Sawmills, Peterson Portable Sawmills, Timbery LLC, Turbo Sawmill, and Wood-Mizer.
- **The Seminar Presenter**, the extremely knowledgeable and ever popular—Brian Bond of Virginia Tech.
- **The Shoot-Out Team Members.** I have had the pleasure of working and learning from for a number of years now—Dave Boyt, J.R. Salzman, Don Tyson, Yvonne Broderick, and, let's not forget, the many helpful volunteer timekeepers.
