

## Publisher's Letter

# On Sticking Together

To *Sawmill & Woodlot* readers, writers, advertisers, Facebook followers—whatever your level of connection with us may be—we want you to know how much we appreciate your participation with us and the sawmill and woodlot community. Thank you for sticking with us and sticking together through these tough times and know that we plan to keep interesting and informative content coming your way. If there is a special topic or story you'd like us to cover, just e-mail me at [walter@sawmillmag.com](mailto:walter@sawmillmag.com). Enjoy the issue and take a walk in the woods.

## Happy Autumn!

**Efficiently saw and flatten wide slabs with Wood-Mizer wide slab equipment!**

Combine the **LX250 wide slab sawmill** with the **SlabMizer slab flattener** to produce finished wood slabs, burls, cookies, and other wide material with minimal labor and reduced waste. Start by sawing extra-wide logs up to 55" in diameter with the LX250 sawmill that utilizes thin-kerf blades and powered head controls. Finish by flattening extra-wide material up to 72" with the SlabMizer slab flattener that utilizes powered cutter head directional controls with variable feed speed. In addition to reducing production time and increasing yield, you'll love the way your slabs look.
